Sauveron, PhD

Submitted to Information Sciences

Dear Dr. Akram,

We are pleased to inform you that your article has now been accepted for
publication in Information Sciences.

When your paper is published on ScienceDirect, you want to make sure it
gets the attention it deserves. To help you get your message across,
Elsevier has developed a new, free service called AudioSlides: brief,
webcast-style presentations that are shown (publicly available) next to
your published article. This format gives you the opportunity to explain
your research in your own words and attract interest. You will receive an
invitation email to create an AudioSlides presentation shortly. For more
information and examples, please visit
<http://www.elsevier.com/audioslides>.

Thank you once again for your submission to Information Sciences.

Kind regards,

Witold Pedrycz
Editor-in-Chief
